High Capacity Magazine Banned or Restricted

Last Updated: 12/1/15

If state is not listed then higher capacity magazines are legal.

California

Large Capacity Magazines

With limited exceptions, California law prohibits any person from manufacturing, importing into the state, keeping for sale, offering or exposing for sale, giving, or lending any large capacity magazine. Cal. Penal Code § 12020(a)(2), (b). A "large capacity magazine" is defined as any ammunition feeding device with the capacity to accept more than ten rounds, but does not include any .22 caliber tube ammunition feeding device, any feeding device that has been permanently altered so that it cannot accommodate more than ten rounds, or any tubular magazine that is contained in a lever-action firearm. Section 12020(c)(25). California does not ban the *possession* of large capacity magazines.

Upon a showing of good cause, the California Department of Justice may issue permits for the possession, transportation, or sale of large capacity ammunition magazines between a licensed California firearms dealer and an out-of-state customer. Section 12079(a). This requirement applies for only the out-of-state importation and exportation of large capacity ammunition magazines, including the transportation of such magazines as necessary to complete a transfer to or from an out of state source. See Cal. Code Regs. tit. 11, § 978.40.

Large capacity magazines may be manufactured for any federal, state, or local government or law enforcement agency, or for use by agency employees in the discharge of their official duties, whether on or off duty. Section 12020(b)(30). Large capacity magazines may also be purchased or loaned for the sole use as a motion picture, television or video prop. Section 12020(b)(31), (32)(A). Such magazines may also be resold to law enforcement agencies, government agencies, or the military, pursuant to applicable federal regulations. Section 12020(b)(32)(C).

For additional large capacity ammunition magazine regulations, see Cal. Code Regs. tit. 11, §§ 978.40-978.44.

San Francisco Bullet Ban

Police Code Article 9 Prohibited Ammunition Section 618

(a) **Definition.** For purposes of this Section, "Prohibited Ammunition" shall mean:

- (1) Ammunition sold under the brand name "Winchester Black Talon," or that has physical properties resulting in ballistics performance identical to ammunition presently or formerly sold under the brand name Winchester Black Talon; or,
- (2) Ammunition designated by its manufacturer for purchase by law enforcement or military agencies only, unless other ammunition is available to the general public that has physical properties resulting in ballistics performance identical to such ammunition.

(b) Possession Prohibited; Exceptions. No person, firm, corporation or other entity may possess Prohibited Ammunition within the City and County of San Francisco, except that this subsection shall not apply to the otherwise-lawful possession of Prohibited Ammunition by the following:

- (1) Peace officers in possession of Prohibited Ammunition issued to them by their employing agency;
- (2) Federal law enforcement officers or other federal employees in possession of Prohibited Ammunition issued to them by their employing agency;
- (3) Members of the armed forces of the United States in possession of Prohibited Ammunition issued to them by the military agency to which they belong;
- (4) Patrol special police officers, animal control officers or zookeepers, harbor police officers, sheriff's security officers, or police security officers in possession of Prohibited Ammunition issued to them by their employing agencies; or,
- (5) Businesses licensed as firearms dealers under this Article in possession of Prohibited Ammunition for sale to law enforcement and military agencies. Agencies employing persons listed in subsection (b)(4) are considered law enforcement agencies for purposes of this Section.

(c) Sale or Transfer. No business licensed as a firearm dealer under this Article may sell, lease or otherwise transfer Prohibited Ammunition except to law enforcement and military agencies.

(d) Police Database. The San Francisco Police Department shall prepare or cause to be prepared a public database of brands and product lines of ammunition meeting the definition of "Prohibited Ammunition" in subsection (a). Failure of the Police Department to create or maintain such a database, or the omission from the database of a particular brand or product line of ammunition otherwise qualifying as "Prohibited Ammunition," under subsection (a), shall not be a defense to or otherwise excuse a violation of this Section.

(e) Penalty. Violation of any of the provisions of this Section is a misdemeanor and upon conviction the violator may be punished by a fine not to exceed \$1,000.00 or by imprisonment in the county jail not to exceed six months, or by both.

Note: The San Francisco PD stated to the NRA that this ban only covered "Black Talon" ammunition and no other hollow point ammunition. Black Talon has been out of production for years. Use Caution. The U.S. 9th Circuit Court ruled on 3/25/14 that SF could require firearms to be secured in the home at all times. Either on your person or locked up. The decision also stated more than once that SF only banned the "Selling" of HP ammo in SF and not the possession. The case was not about HP ammo but about securing your firearm in your home. With this ruling no one is sure if it overturned SF ban on possession of HP Ammo. You can read the decision [Here](#).

[Police Code Article 9 Sec. 619](#)

- (1) No person, corporation, or other entity in the City may possess a large capacity magazine, whether assembled or disassembled.

Note: You need to go to the link for the bill and read it. It contains many restrictions on what firearms & magazines that can be brought into the state. CT Now has a 10 Rd Limits on Magazines that have not been registered with authorities by residents and those have to be possessed by a certain date. Handgunlaw.us recommends that residents of CT or anyone visiting CT with a firearm read the bill and all other information available on the new law. You can also view the bill [Here](#). More information can be found at the [Connecticut Citizens Defense League Inc](#) website.

Note: The Connecticut Citizens Defense League is reporting that the way the law is worded that you can carry a registered Higher Capacity magazine in your firearm but it can only be loaded with 10 rounds. Connecticut's law requiring a magazine be "within" the firearm "limits the number of declared 'large capacity magazines' one is able to carry, along with the number of bullets it can contain. (See (7) above) So if you carry spare magazines they have to be 10 round or less type magazines or you are in violation of the law. You can't under the law carry a higher capacity magazine only loaded with 10 rounds unless it is "Within" the firearm. Will this matter to authorities? No one is sure but that is the way the law is worded.
